Dear Mr. Novo,

The fire service in New Castle County wants to send you a sincere thank you for your donation of the hand sanitizer that was so desperately needed for our members to be able to safely perform their duties. We have been navigating uncharted territory since this all began, and your donation certainly took one of those issues off our minds which was greatly appreciated. This was distributed to all the volunteer fire companies in New Castle County. It was utilized by our first responders when we were out providing services to our constituents to keep them safe, too. Once again, thank you for your generous donation. Please stay safe and healthy.

Sincerely,

Jim Watson
President NCCVFA

Dwayne Pearson
President NCCFCA
